CHILE: Thoughts and a  
Journey Through the Central Valley

ALCHEMY  
2022 CARMENERE  
CACHAPOAL VALLEY

*The 2022 Carmenerre opens with a  
spice-driven, elegantly toasty bouquet that  
develops additional herbal lift with  
aeration. The palate is dense and focused,  
retaining a spry energy through the clean,  
rich and gently structured finish. This is a  
lush yet taut and overall quite pretty  
expression of Cachapoal.*
